

Overview study visit for the Czech NRP EQAVET and National Institute of Education

Dates: 8th and 9th of November

Motivation for the visit: The national Institute for Education (the NRP EQAVET) in the Czech Republic has started with preparing the revision of national VET curricula. Stress is put also on implementation of quality assurance (both of the educational process in schools as well is in practical training provided by employers). We would you to kindly share with us the Dutch approach, experience an examples of good practice.

Topics of interest: Qualifications – how are they applied in curricula and implemented in schools, cooperation between schools and companies in the NL
